

GUIDELINE

# ENTRY TO CHILE

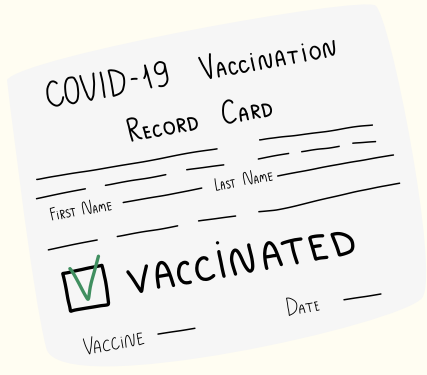

## BEFORE TRAVELLING

### Have your vaccination certificate at hand

You can enter with the Vaccination Certificate issued by your country (either printed or in digital version) in addition to your Identity Document.

**NOTE:**

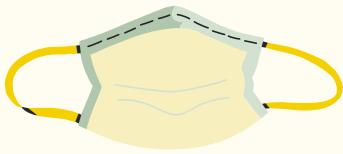

Non-vaccinated persons must present a negative PCR test taken no more than 48 hours before the flight departure to Chile.

## IN CHILE

### Face mask

The use of a face mask is no longer mandatory in enclosed public places. It will remain a recommendation for public transport and similar crowded places and will only continue to be mandatory for all patients visiting health care facilities

## RECOMMENDATIONS

### Use digital SAG affidavit

Do not bring prohibited products into Chile. Declare digitally before starting your trip (suggested in case you won't have internet connection) and enter with QR code or in [ingresoachile.cl](https://ingresoachile.cl)

### Not mandatory, but recommended :

Travel medical insurance

### Travelling with Smartphone recommended

Many services in Chile are operated digitally with the use of QR codes and email, such as menus in restaurants, tickets to national parks, airline boarding passes, ...
